Keck School of Medicine of USC

Academic and Career Advising

Elective Petition

Students may receive credit for electives that are clinical in nature and supervised by an on-site physician. No credit will be given for language study, service projects, or work for which students are paid. Students may not be supervised by parents or other family members.

Students must submit petitions to the Office of Academic and Career Advising for approval of their elective <u>at least six weeks prior to beginning the rotation</u>, and credit for elective rotations is subject to approval by the Office of Curriculum.

The student's supervisor must submit the student's final evaluation within four weeks of completion of the elective.
